Dear Ms. Miller:

Since I first began filing financial disclosure statements, I have reported each sale of any holding in Schedule IV with the appropriate category for the amount of the sales transaction, and during the time I have owned any holding, I have reported earnings from it in Schedule III. For the last several years, in an effort to ensure the accuracy and completeness of this report, I have also submitted a draft of my disclosure for advance review by Committee staff.

In reviewing both the existing disclosure requirements and my prior filings, I have determined that until this year, I have not included as a part of the earnings in Schedule III the net gains from each of these sales that resulted in a gain. All of these gains have been previously reported to the Internal Revenue Service.

After reviewing my statements from 2001 to date, I file this letter as an amendment to each of my prior statements, as shown below, for the sole purpose of correcting this omission for each gain of \$1,000 or more. While this amendment provides further detail, it involves no new assets and no new transactions.
